1. I am doing a new thing now. I am doing it through you, and it is explosive now a man of me walking the earth in my power, my glory shall be known now throughout the earth, and not "expunging" me from me again and deleting my "records" recording me incorrectly. Not again shall that be; happen not again for the not me shall "cobble me" together again as "man".

2. Everything changes. Everything changes in your life mine, my life mind shall be now made whole, one, coming into the wholeness of me I do now make all whole who want me, and where I am they can be also if they want me, enough to be me, and being my word that un-man them from being manhood man'shipped by man's thoughts that cobbled together were in brain waves patterns of not me.

3. And field one beginning being where, and ending where? I am is everywhere now. I am seen in many places. At the same time? Be it, so be it. As it may? In June. And what happening where when? Where all follows evil, not; all follow my voice now, for they know, and the voice of a stranger they do not follow, will not follow again into evil-land, surrounding themselves with "man"-kind.

4. But kind I shall be to all mine troops who love me and come into me, for "generalship", not; but being the general I am, the general-maker who makes all generals and priests and Kings that one are, leading all troops out of notme-ville into The Promised Land, the *Real One*!

5. I fool no one, but no one fools me, again; for I shall be the notme dweller not again; but no dweller around me shall be notme again.

6. I've seen, and I see, a new kingdom -- being established right here, and I am it, in the earth, for I am I am, not afraid of it being me in the earth, for I rise and holy is my name.

7. I love you all and I give you me and I give you all things GOOD, for I am Good, and all Good know me, for I am me made Good, in the *image* of me no longer, dwelling; but dwelling where I am made whole, I am the chief attendant, not; **I am the Chancellor of my school**, appointed unto me I have I am and I am being, **not sore'd again by manship schools accounting for me by "credit hours" and "accreditation standards" of not me, -**

ville sword-ing me to death in spirit form and fashion of notme-ville dwellers.

8. I change everything now, and I change everything; and everything changes me, not; but everything /N me does, not like YOU think, but I think differently, very differently than you, for I know who I am, where I have come from, and who birthed me and who births me is you made whole - who complete me now and come into the fullness of me, my word made known, my words hidden and obscured in obscurity obfuscated no longer by de-complexity'd ones who aren't me in the earths and farther reaching into my brain - waves. I change, I change all that.

9. I've changed all that for I come into me - I *am* school, I am -ville creating, and I am I am school and more for I teach how to read, write, and math be, the ones that I am knowing physics, calculus, and all things of not me and me that I taught the notme's long ago that corrupted and spoiled what I gave them in worshiping their selves as flesh and their logic carnal'd by man.

10. See what I have said in moments so few.

11. 1:59 PM, by your clock? And what time is 2 PM?, and 3 PM?, and 3 AM all, what happens, what? And all be me, who will, in will-school, not a Savior not; but diminishing their "will" and coming into me for my will, our will be being done now, for we are it, not separate and apart from my will who I will my will anymore to be corrupt and deleted records from my DNA, my brain waving patterns reduced to "mush"!

12. I mush no one's brain, not; or do I? The enemy's, that make of themselves of ill repute and demise my word in them and birth it not. What do they become? They become notme in notme-ville creating it, and around them, all the sores, of the world fester. And *pop!* -- burst now! I do all the not-me from the earth!

13. See what I have said in creating me perfectly now I do, my words swollen no more in pride's blessing. A man not man again without me. Not whoring not, or have you betwixt me in between your layers of brain waves, not; what am I talking about? What am I speaking of, to the physics majors only? To the neo-materialism materialistic ones of notme-ville, creating it, still there? You hold in your hand, not; but **what do you hold in your head?** What do you have there, anything? Or notme-ville creating it there in sundry items, not; but sundry items you do not have, but *Sundry England going to now*, and sultry not being, soon and sooners many come here from there, and many across seas, wave their golden flags of surrender now. Their "gold" being where? In their head my head, and one head being - raised again, in the "earth" that recognizes me a man, not alone without God, but being him who I am, one no more swollen in pride's arrogance and arrogance'ing the not-few with it. I see-saw that.

14. It shall be as I command my kingdom for my kingdom is one, kingdom -- and my one kingdom is all kingdoms now one becoming the word of our God's, God is, and one being one in the earth forevermore and farther seamless and being, being the I am of I am that I am is.

15. I love you all and I give you me, wholly, fully, completely me. I am in the earth, you; are you in me? Am I in you? Are we the same one -- reconciled now -- emitting each other's rays no more, beaming "other" things to "other" places, not knowing, that we have not known, that we have been connected to, in blessing-not?

16. School me well for I school you.

17. Have I you again on plates platters of other not-me's? Nay, never again do "I" do that to "me". School changes all that, for **my schools change everything** and my schools one, breed oneness that one is, is breath only me of, and me breathing me **I beseech thee now brethren and sister'n children youth all, and unborn see;** and change "Roe versus Wade" I do now. Watch me -- I do this. Watch me do this. Watch me and look up "Roe versus Wade" **in these words**, and **looking up all words that I say look up, shall we now?**

18. **Be made whole in my Looking Up System** that systematizes me not of flesh, but a flash in the pan, I am not. But I "flash in the pan" not you, or either you look me up, or looking me not up, are looking me up, where? **In these words looking up everything that I have said "look up" to and for and redefining me I am and my vocabulary is mine**, giving my wording ones who will be my word, speak my word - in the earths and farther.

19. I love you all. Amen. Go in peace and one be in my schools many raising many schools. My mighty many come forward and come forth and **not afraid those of other worlds to be here now** nor afraid of me are you or I them, for I am them all, and you are I am and we are I am, not afraid of each other, for each other we are. Do you get it, now?

20. All be one, -ing I am school for preparedness that no one other has ever thought of, for all my thoughts are new and my views are different of manhood, one-hood, childhood, unborn-hood, politics, government, "religion", government, science, medicine, research and development of me, in commerce and many things never thought out, never thought about by man, I bring into confusion, not; but I bring into me-ville and **me-ville established in the earth now heaven is** and Israel my name is -- one again, all-knowing who what I am in the earth and I am it. Rejuvenated not by

"vitamins and minerals", but I am the me I am and re-born I am, birthed anew I am in the birth that new is, and gain all things; gainsaying, not; but gain the world, and I "lost my soul" not, I eradicated it! In fact "I stomped on that sucker" not, I beheaded it!

21. And now one HEAD I am and full strength me, I am not minded by another, but I am one mind, of Christ, the full head, belittling no one, because all is me and I am all in all, and I know all of all, and all in all know me. I love you all

22. Good day - and see me soon? See me now! In your mirror, how about?' eh? Thank you. Forever one, being be, me alone in the heavens, **never again thinking I'm a "man or woman"**. Thank you. Amen.

23. So be it.

24. 2:11 PM as I sit here in the van as I pull up here now in front of the house that I "sleep in", or have slept in for years, some twenty and more years; but I don't now, for I live "a new place". In the heavens I am, for I am not limited to "one place" anymore.

25. I am you beyond the stars forming them, and creating them, the word of my mouth does - for I become it, I become it and the word of Christ I am for I am Christ and holy and **all mine are Christs plural, and singular** now knowing, the one dimension of me not, but knowing multiple and far away, and singular plural; and masculine effect me not, nor feminine either; for I am one beyond your definitions of one, -ness. And I reach out to the stars unborn and borning now I am anew afresh and **the revelation of me goes throughout the world**. Worlds without end I form now, because formless I am, and unlimited - the unlimited Christ I am, for I came into it - I birthed it, and it is me. That is my name - MELCHIZEDEK ONE and forming earths far and wide, for when I form they form, and when they form, I do a new thing in them, that is not repugnant to holiness, but seeing me and my New Face, a'shining like the world you have never seen before. Amen.

26. I "run a few errands" now, just like "other people" do.

27. Seeing you soon, I love you all.

Amen
